

Thank An Educator

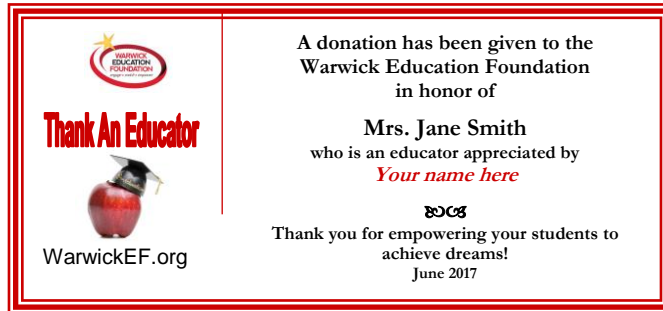

Extraordinary educators are the heart of Warwick education.

Graduation is the perfect time to share appreciation for the teachers, coaches, counselors and staff members who made a difference for your graduating senior.

How Thank An Educator works:

1. Select teachers and staff (from any school in the Warwick School District) to receive appreciation.
2. Make a donation to the Warwick Education Foundation (WEF), either online or by check.
3. Your selected Warwick educators receive a certificate of appreciation.

Your *Thank An Educator* gift returns to Warwick students in the form of new and innovative learning opportunities.

Science equipment, geometry software, computers, cameras for broadcasting classes, ukuleles, xylophones, and visits by authors and Holocaust survivors are examples.
